**On Sunday, March 14, 2010 at
2 a.m., Daylight Saving Time**

The phrase "Spring forward, fall back" helps people remember how Daylight Saving Time affects their clocks. At 2 a.m.

on the second Sunday in March, we set our clocks forward one hour ahead of standard time ("spring forward"). We "fall back" at 2 a.m. on the first Sunday in November by setting our clock back one hour and thus returning to standard time.
